# PREPARED SPEECH TOPICS

With our vision and mission in mind, each of our topics for Rising Voices Championship 2024 relates to the topic area:

## 'Positive Influence'

For their prepared speech, students will need to pick one of the topics below from their relevant Stage as the basis of their presentation.

The prepared speech topics will be the same across all three rounds (Preliminary, Semi-Final and Grand Final), so students are welcome to use the same speech if they get through!

All students in the same age division will receive the same impromptu topic in the Grand Final. Students are encouraged to refrain from using examples from their prepared speeches in the impromptu speech as well and aim to keep the impromptu content fresh and exciting!
